FULLY REGISTERED

Kanato Engineering Resources Nigeria Limited was incorporated on the **23rd of July 1991** as a distinct engineering company specialising in Electrical, Mechanical and Civil services — registered as **RC 666713**.

As a wholly indigenous engineering company, Kanato engages in Electrical & Mechanical Installation, Sales, Supply, Construction and Service/Maintenance. Our dynamic, resourceful and experienced professionals have consistently translated designs into affordable reality — turning the dreams and visions of our clients into tangible results.

Our years of professionalism and integrity have made us distinct among our contemporaries. We do not only provide safe installations, but also ensure aesthetic values are upheld. We have covered nearly all states in Nigeria and continue to expand our reach, maintaining strong relationships with construction companies, financiers, suppliers and distributors of engineering materials — all managed to the benefit of our clients and their environment.

OUR VISION

Where We're Headed

To provide excellent Electrical, Mechanical and Civil installation and servicing through a professional team — becoming a trusted engineering partner recognised for delivering efficient and reliable solutions across Nigeria and West Africa.

OUR MISSION

What Drives Us

To uphold integrity and professionalism in the daily discharge of our products and services — bringing the dreams of our clients to reality through quality workmanship, innovation and an unwavering commitment to excellence.

WHAT DRIVES US

Our Core Values

■ Integrity

We uphold the highest standards of honesty and ethical conduct in all our dealings.

■ Professionalism

Our team brings technical excellence and a disciplined work ethic to every project.

■ Quality

We deliver work that meets and exceeds client expectations and industry standards.

■ Safety

The safety of our team, clients and communities is paramount in everything we do.

■ Reliability

Clients count on us for consistent, timely and dependable project delivery.

■ Client Commitment

We are dedicated to turning the vision and dreams of our clients into reality.

WHAT WE DO

Core Engineering Services

01 Electrical Installation

Electrical wiring, panel installation, power distribution, lighting systems and equipment setup.

02 Mechanical Installation

Mechanical systems setup, equipment installation, piping support and building mechanical works.

03 Civil Engineering Works

Structural works, site preparation, building support and construction-related engineering services.

04 Maintenance & Servicing

Routine maintenance, inspection and servicing for all engineering systems and infrastructure.

05 Supply of Materials

Sales and supply of quality electrical, mechanical and civil engineering materials.

06 Telecom Infrastructure

Installation, build and support for telecom masts, towers and power-to-site projects.

Sectors & Expertise

Residential & Housing

Duplexes, flats and estate developments.

Commercial Buildings

Office complexes and business facilities.

Telecommunications

Mast installation and power-to-site.

Financial Institutions

Banks and corporate office upgrades.

Government Projects

Public infrastructure and electrification.

Industrial Facilities

Manufacturing and industrial complexes.
